As community-based sites, some of the free guitar sheet music sites have rating systems for users to vote for tabs versions they like. Ultimate Guitar This free guitar tabs website is easily the most popular among the guitar sites. These apps will generally involve some degree of ads that interrupt the music at various intervals, but the free music is an undeniable perk of these apps. As long as you're connected to Wi-Fi, whether on a computer or on a mobile device, you can enjoy all of your favorite tunes as well as the DJ personalities you have come to know and love by streaming your favorite radio station. MORE FROM QUESTIONSANSWERED.NET With a little creativity, you can get your jam on without having to spend a lot of money. CCO/Pixabay/Pixabay As you begin to learn to play the guitar, you want to find sheet music for the songs you want to play. It also has a straightforward homepage that is smartphone friendly where you can do your search. Guitar Tab This is somewhat similar to the previous entry, with the only difference being that the homepage also displays top community-rated tabs. I deleted Thank u, next because my other scores were doing a lot better, so I wanted to keep those. Guitar Tabs Another good website with a large collection of free sheet music for guitars, it has a no-frills, straightforward homepage. As of December 2018, the website has a little more than 1,100,000 free sheet music for guitars. For example, Google Play Music allows users of the free service to upload personal audio files to the Google platform so you can stream them while using the Google app. However, it's just a small inconvenience in exchange for free lessons and tabs. Once your free trial ends, though, you'll be back to the advertisements or you'll have to spring for the premium streaming service. Streaming Videos! It's easy to watch and listen to your favorite songs on streaming video services like YouTube and Vimeo. Although these streaming services would like you to pay a monthly or annual fee to get the music, there are some free options that will get the job done too. With such an immense collection of tablature, you can find sheet music for your favorite songs in different arrangements, versions and even genres. Apart from the user submitted tabs, you can also find official tabs, sheet music for bass, ukulele and backing tracks for pro users. Of course, you'll need to deal with ads along the way, but this is a small price to pay in exchange for free music. Many trial periods provide access to music for 30 days to a full 90 days, so this gives you plenty of time to enjoy songs. Some music streaming services that offer free trials include Apple Music, YouTube Premium, Tidal, Pandora and Amazon Prime Music. You can immediately type the song to get its tabs, scroll down the collection of top 25 sheet music or browse the most recent updates. You can watch a wide assortment of content of lyric videos and more. Music Apps for Mobile Check out the many music apps available for free download to your mobile device. The good news is the internet is teeming with sites where you can stream music, and much of that music is free. On the down side, that means some of the free guitar tabs are bad. Not only does it have tons of free video tutorials you can watch at your convenience, it also has a large collection of free sheet music for guitars you can download and print out. Some streaming services also have larger libraries than others, so explore and choose accordingly. Start With Free Trials Explore your options for accessing music searching by trying a few free trials of streaming services. The only catch is that you have to give them a "Like" on their social media pages to access some of the tabs. Most apps offer upgrades that will eliminate the ads if you prefer. Live Streaming to Radio Stations If you have a favorite radio station, check to see if the station offers live streaming.
